

KYAGALANYI COFFEE LIMITED

Member of VOLCAFE Group

Coffee Processors & Exporters

Quality across the board - from the coffee tree to delivery of the final product - as well as sustainability are some of our guiding principles.

To this end, we are actively involved in "UTZ" certification, a coffee mother garden and seedlings project at Nakanyonyi in Mukono, "4C" verification and other key projects such as our washed arabica Joint Venture in Mbale and our washed robusta project in Bushenyi.

The relationship between yield, quality and price is self evident with suppliers receiving prices based on a qualitative outcome.

ISO 9001:2008 and
OHSAS 18001:2007 certified
